Languages

- English - Pre-Intermediate
- Ukrainian - Native
- Russian - Native

About Me

I am a hardworking developer with 1 year of experience in React. I have commercial and educational projects. I have experience working in a team. I am constantly developing and mastering new technologies. I love solving complex problems. Ready to grow as a specialist and benefit the company.

Projects

- **GLMedia**
  Landing page for a company that provides SMM marketing services.
  Using NextJS, SCSS, Adaptive design.

- **Balloon**   Github
  Landing page for a travel company that organizes balloon tours.
  Using SCSS, JavaScript, HTML, Gulp, Adaptive design.

- **Petly** *(long first load due to free backend hosting)*
  Team project "Portal about pets".
  Using ReactJS, NodeJS, Redux, MongoDB, Express, SCSS modules, WebPack, Adaptive design.

- More projects can be seen in my **portfolio**.

Work Experience
